

ANNEX 11 TRACES CODES FOR ITAHCs

TRACES must be used where the Directive requires a fully completed ITAHC Type I, II or Type III. Examples certificates are at Annex E of the Directive.

TRACES may also be used at the discretion of the owner as a notification tool for movements for which the Directive does not require an ITAHC to be completed. In this case only Part 1 of the Certificate need be completed.

TRACES lists the commodity codes for virtually all Orders of birds and mammals to which Balai applies (see below). If the importing country's Competent Authority requests an ITAHC for other birds, the Orders for which are listed on TRACES below, the other birds commodity code should be used.
